

Lesson3

放課後の銃声①

SFX, Screaming, Flailing,
pillow hitting and knocking
over candles

Everyone has
a place that
they never
should decide
to step into

Thank
you for
all of
your hard
work Fu-
jizawa-
sensei.

This is
not the
life that
suits
this
guy.

An-
other
mis-
take!

Mister,
it's not
"nako no
oe no qi"
it's "nako
no oe no
qi"

Also the
year is
also
wrong.
soga no
inuka died
in 645.

For me
it's this
class-
room

For the students were using the same the pronunciation. The teacher was saying it in the wrong. And some SUGA? instead of SUGA? and SUGA? (SUGA?)

Ah,
thank
you.

Mizutani
Sensei, a
parcel
has ar-
rived for
you.

There's
no
sender's
name.

Wow,
it's
candy
!

Eh,
candy
?

ジーザス③

Up-
ping

I hope this is a
misunderstand-
ing!

It came by post, I guess
the means
that it's not
sensitive to
vibrations.

SFX:
Step
Step
Step
Step
Step
Step

I wonder
when is the
best time to
open the
timed device.

SFX:
Cutting
sound

SFX: Tick, Tick, Tick

The time was
never set...

SFX: Walking sounds

They're...
crowding.

What...
Just a
bunch of
3rd years
playing
hocky.

He
doesn't
even look
at us.

Don't ya know
we're being
looked down
by that
Togawa Seiji?!

How long
are ya
gonna let
him look
down on
you?

He ignores
us when we
meet up.

Hey, 'careful with that! If the buzz catch wind of this they'd cuff ya

Your voices are loud dumbasses!

I'll give you the rest of the details about killing Togawa later

Well, I'm planning to meet up with that guy soon.

A gun?

What
were they
talking
about just
now?

Ah, they're
cookies!

Would
anyone
like
some
sweets?

I sense a familiar smell drift in the air.

Huh? That's strange. I'm pretty sure there were a stock of coolies here.

It's strange
nothing in the present

The smell called "Danger"

And how does a bunch of kids come across a gun?

I wonder what kind of person sends that bomb?

Shit! It failed.

Where's the news about the bomb?

I will make sure you'll see hell.

KUKUKU!
